

The Lifestyle Program

15 Day Residency Program

The Program - \$3300

Are you looking to build a strong foundation of obedience and manners for your dog? This Residency Program is designed to create the essential skills needed for a well-behaved companion and a foundation for your dog to fit perfectly into your lifestyle. Your dog will stay at Professional Pups **Monday-Friday for 3 weeks (15 days)** where Blayke will focus on building clear communication, basic obedience, and structured manners on and off leash. The goal of this program is to establish a reliable foundation that can be continued and maintained at home. Owners will receive a Private Lesson at pickup on Fridays and 1 additional after their program is completed to learn how to transfer and continue their dog's training successfully at home.

Residency Program drop-offs are scheduled Mondays between 7am and 11am. Residency Program pick-ups are scheduled Fridays between 11am and 8pm. Spots are first come, first served. This program is best for dogs with no major behavior problems. All training collars (including E-Collar) included. Dogs 20 weeks and up accepted.

Why This Program Works

- ✓ Professional training creates faster progress
- ✓ Controlled setting allows real-world behavior work
- ✓ Expert-led daily training builds solid, reliable skills
- ✓ Noticeable early improvement in manners
- ✓ Builds on & off-leash skills you can use right away

How We Help You Succeed

- ✓ Dogs go home weekends to practice real-life routines
- ✓ Friday go-home lessons to coach owners for success
- ✓ Learn to maintain behaviors your dog already learned
- ✓ Post-program lesson to support transition home
- ✓ Access to continued training through our Social Club
